

Trade, Corporations and Natural Resources

The changing landscape of sustainable investment

Thursday 30 June (09:00 - 16:00)

This one day international conference provides an opportunity to engage with leading academics, practitioners and NGO representatives to explore the tensions and interactions between states, individuals and multinational corporations operating in the field of natural resources.

Presentations will cover topics including:

- corruption and liability for environmental damage
- increased commercialisation of essential commodities such as water
- problems of food security
- fisheries management
- toxic industries against the backdrop of corporate social responsibility schemes and state regulation

Speakers include:

Professor Benjamin Richardson
University of British Columbia, Canada

Professor Peter Muchlinski
School of Oriental and African Studies, UK

Dr Lorenzo Cotula
International Institute for Environment and Development, UK

Professor Duncan French
University of Sheffield, UK

Professor Malgosia Fitzmaurice
Queen Mary University of London, UK

Professor Indira Carr
University of Surrey, UK

Martyn Day
Leigh, Day and Co. Solicitors, UK

Professor Carmen Gonzalez
Seattle University School of Law, USA
